

0% INDUSTRIAL TABLET FINANCING for 36 MONTHS!

*Financing example is for demonstration purposes only. Dependent upon credit approval by IGF.

aegex10™ intrinsically safe tablet

IBM Global Financing and Aegex Technologies have partnered to offer 0% interest for 36 months for customers purchasing Aegex intrinsically safe tablets. This financing program will help companies quickly jumpstart their digital transformation by minimizing upfront costs and turning CapEx into OpEx.

Aegex provides industrial tablets for Zone 1 / Division 1 hazardous locations in oil & gas, chemical, pharmaceutical and other industrial environments. Aegex tablets replace paper forms with real-time enterprise application to streamline operations, decrease costs and improve productivity.

Aegex tablets can now be financed through IBM Global Financing, the world's largest IT captive financier delivering unmatched global expertise.

35 Years of Experience

60+ Countries

20+ Industries

\$36B Assets

Why IBM Global Financing?

- **Lower Total Cost of Ownership (TCO)** over the life of the solution than purchasing
- **Enhanced Return on Investment (ROI)** by aligning cash flow with benefits from acquisition
- **Flexible payment options** and ability to align payments to match budget needs
- **Minimized impact** on capital budgets
- **Better protection** against technology obsolescence
- **Ease of asset** management and disposal

How can you deploy Aegex today?

- Step 1: Schedule an introductory call** with IBM Global Financing through your Aegex representative
- Step 2: Define the Aegex solution** you want to purchase
- Step 3: Finalize the financing terms** and sign the IGF contract
- Step 4: Once you receive the equipment,** IBM Global Financing will pay the reseller invoice
- Step 5: Pay monthly or quarterly payments** directly to IGF
