

HARDWARE as a SERVICE

A successful Digital Transformation Strategy works best when ALL personnel are properly trained and equipped. By offering Hardware as a service (HaaS), Aegex now provides customers a cost-effective path to properly equipping ALL personnel at your enterprise with the proper tools for a profitable transformation.

HARDWARE AS A SERVICE

AEGEX Technologies is proud to offer Hardware as a Service (HaaS), the most comprehensive hardware lifecycle management solution designed for business.

Combining hardware, software and other support services into one simple, predictable monthly payment, HaaS makes it easier and more affordable to keep up-to-date with the latest technology on the market and ensure it is stable, secure and available when needed.
